LUXER ONE

INTEGRATED **MAIL & PACKAGE MANAGEMENT** for Universities

Package volume continues to grow, while campuses are still managing letter mail with limited staff and space. Luxer One Smart Lockers streamline operations with secure, self-service pickup designed for high-volume campus environments.

Minimize mailroom congestion, reduce workload, and give students 24/7 access to deliveries, without increasing staff.

BUILT FOR CAMPUSES

FLEXIBLE CONFIGURATIONS

Multiple locker designs with compartment sizes ranging from x-small to oversized.

REAR LOADING DESIGNS

Front or rear loading options to allow for simultaneous delivery & pickup.

SYSTEM INTEGRATIONS

API, webhook, and software integrations for streamlined campus operations.

CAMPUS WIDE SOLUTIONS

Deploy lockers for IT exchange, library holds, campus store pickup, & food pantries!

> **With Luxer One as our partner, we pushed into the future with technology that we actually need for today's students."**
